after service

Anglican
Diocese of
Ottawa

there is

for this work
both clergy
and parishioners
so much going on!

• curious
about informal
ad hoc pastoral
care outside of
a committee / team

• people being
seen during the
most difficult times
of their lives

Telling our Parish Ministry Story

PASTORAL

• typical: hospital visits,
LTC visits, shut ins
• atypical: speakers, quilts for
those going off to school

CARE

• Keeping connections
with those in our
community who can't
get to church (not
who are no longer part
of our community)

WORDS
MATTER!

• missing:
celebration of the
good times / success
beyond birthdays.
